

OUR MISSION

Our club is a place where people of all ages and backgrounds meet to race in an environment that is safe, supportive, respectful and inclusive. A club where mateship is more meaningful than winning and where importance is placed on guiding and encouraging our junior drivers to develop into the next generation of skilled racers to take our hobby forward.

CLUB VALUES

Be Respectful

Be respectful at all times to event participants and committee members and understand the importance of demonstrating the right behaviours to act as role models for our junior drivers.

Be Inclusive

We encourage and value diversity amongst our members and regardless of a person's age, gender, race, religion, social status or occupation, they will be welcomed at our club.

Be Supportive

Be supportive to fellow members and event participants, regardless of their skill and experience, so they may enjoy and engage with our hobby and reach their full potential.

Be Responsible

Be responsible for your words and actions on and off the track to ensure the enjoyment and safety of fellow racers.

Be Humble

Work hard to achieve success and celebrate your wins, but not at the expense of others.

Remember to always have fun and give your best!
